### Whiskey and Beer Habit.

Nearly every day we hear something good about Orin, the only guaranteed cure for the whiskey and beer habit. The other day a lady told us that a person in whom she is greatly interested had discontinued drinking since using Orin. This treatment does not detain the user from work and is a simple remedy, easy to use and no more to cure drunkards and stop the fearful craving for drinking, than we sell it under an absolute guarantee to refund the money in two forms.

It is in two forms. No. 1 to be given secretly, and No. 2 for those who wish to be cured. Each bottle contains a full and complete description of the treatment, and we had not assured ourselves of its great value.
